

## Why choose Stride Insurance Group?

Stride Insurance Group is a wholesale provider of property owner insurance to brokers across the UK. We understand the challenges brokers face and are committed to providing high quality schemes and market leading customer service. We believe that supporting brokers is key to helping them win and retain business.

We offer brokers a dedicated account manager, direct access to our experienced underwriters and the ability to cover both standard and complex risks. With fast turnaround of quotes, prompt claims handling and accurate documentation, Stride Insurance Group delivers on all fronts.

### INDEPENDENT

Stride Insurance Group is wholly independent and not tied to any specific insurer, enabling us to provide unbiased advice. We place policies via delegated authorities and our exclusive Lloyd's MGA facility.

### NO POLICY FEES

We do not charge fees on our policies, so premiums are not inflated and the client pays the amount stated on the policy schedule.

### BRANDED BROKER PORTAL

Stride Insurance Group brokers have full access to our Broker Portal which offers an instant comparison from a selection of schemes. Where required, this can be branded with your company logo and multiple staff log-ins provided.

### NO AGENCY SUPPORT COMMITMENTS

We believe our service speaks for itself, so there are no minimum support requirements to maintain an agency.

Over  
**450**  
broker  
agencies

### SECURE INSURER PARTNERS

Stride Insurance Group works with established composite insurer providers, giving peace of mind to both our agents and policyholders.

As a member of the Managing General Agents Association, we offer our own Lloyd's MGA facility, Portus Underwriting, underwritten at Lloyd's (through Syndicate 2007, managed by Novae). Portus offers a broad policy wording combined with competitive rating structures.

As a member of BIBA and signatory to the CII Aldermanbury Declaration, Stride Insurance Group works to the highest professional standards.
